

Press Release:

Device42 partners with Drulogic Technologies to sell Data Center Infrastructure Management (DCIM) solutions in India.

Mumbai, 23 September, 2016

Device42 Inc., a leader in Data Center Infrastructure Management (DCIM) today appointed Drulogic Technologies as its distribution partner for the Indian region. Our partnership with Drulogic Technologies, will bring in greater focus and strategic positioning of our product to the system integrators and enterprises in India, said Mr. Ashis Guha, Country Head – APAC at Device 42.

“With Device42 products, Drulogic Technologies will be able to offer an integrated and comprehensive datacenter solutions to its Enterprise customers, complementing its existing product lines like Stratoscale and Correlata,” said Pankaj Sharma, CEO at Drulogic. “Our partnership with Device42 would help enterprises visualize their infrastructure, understand their interdependencies better, this would also complement our existing Software defined data center solutions (SDDC) from Stratoscale and Data center analytics solution Correlata.”

About Device42:

Device42 Inc., a leader in Data Center Infrastructure Management (DCIM), delivers comprehensive, low cost solutions that helps companies visualize their infrastructure, understand network inter-dependencies, improve network security, and mitigate the impacts of planned and unplanned IT network changes. Device42 software centralizes data center management making IT assets visible, understandable, and controllable.

From its inception, in 2010, Device42 has listened closely to customer needs
